*Transform your hearing.
Transform your life.*

To whom it may concern,

I am pleased to write this letter of recommendation for Kevin Thomas. Kevin was my Comcast Spotlight Account Representative for the past 2 years. He came to me, eager to put together a commercial for Hearing Healthcare Center. Once our commercials aired, I was delighted to see such an influx of patients calling and making appointments.

During Kevin's service with us I interacted frequently with him and depended on him. Very goal oriented, Kevin was always punctual, yet easygoing. He was truly dedicated to his work and the job at hand.

Kevin demonstrated from early on that he understood what our business is all about; he knew the demographics of our patients and knew what avenues of advertising would be best suited for us. Kevin is well organized and has an original and creative way of thinking.

In closing, let me say I have no hesitation in recommending Kevin Thomas for any position in the Account Executive/Sales field. I feel confident he would be an asset to your organization.

Sincerely,

Stefanie Denney
