To Whom It May Concern::

Kevin Thomas has been our account representative for our Comcast Spotlight television spots for a good part of three years. Over that time, he has acted as our key point of contact for scheduling, production and account management. He has always been responsive and professional in handling any and all of our inquiries. On many occasions, Kevin went above and beyond to retrieve research information about our audience that would benefit our advertising campaign. After each meeting, he was quick to follow up with any needed documentation and recap our conversation and conclusions. Kevin's attentiveness has been greatly appreciated over the years.

Sincerely,

Robert Hitchcock  
Executive Director

Rachel McLain  
Community Relations Director
